

Significant revenue potential is just sitting in a file at your bank.

Don't miss the opportunity to convert potential revenue into real non-interest income. And the easiest place to find it may be your check vendor contract.

Through our process of meticulous review, industry expertise and expert vendor contract negotiations, **we have saved community banks over 14 million dollars in the last 4 years.**

And we can do the same for you.

Peoples Bank in Ripley MS has already seen the value of working with us! We're currently in the process of check contract negotiations for two more MS banks, and a third has just signed with us.

“Having Jimmy Outlaw as a consultant on our team has been a huge benefit. He took the work out of negotiating a check contract while securing a substantial savings for our bank.

BANKS WHO HAVE WORKED WITH US SAY:

We have been extremely pleased with the results and service we have received from Jimmy Outlaw and J Outlaw Consulting. Jimmy and his team have a vast knowledge base and we would have never been able to negotiate the deal we received without their assistance. If you are looking to negotiate your checking vendor contracts, you will make a huge mistake if you do not contact Jimmy and his team.

Earl W. Worley Jr., EVP and CEO, KS Bank

Working with Jimmy and Outlaw Consulting was the best decision we made to negotiate our check vendor contract. We were able to save more money than we ever expected over the contract term while reducing the cost to our customers. Jimmy speaks the check language and personally knows all the key players from the major check vendors. Glad to have Jimmy and associates with Outlaw Consulting on the SAB team.”

Dick Burch, EVP and CFO, South Atlantic Bank

Thank you so much for the outstanding contract negotiations you provided on our behalf! They've proved to be financially beneficial, and we are grateful.
